GREETING FROM SPAIN TO THE ASIAN ASSEMBLY 2013
AURELIO, INTERNATIONAL RESPONSIBLE

Dear brothers assembled in Colombo,
for you, for your heart, from Spain, receive my brotherly greeting in the beginning of your Asian Assembly of the Fraternity Iesus Caritas, putting in over brother the look of Jesus, adored, contemplated, served in the humble ones. Jesus, Truth and Life, builder of the truth in our life, as human bean, as priest, as Christian man.

I only know Emmanuel, Arthur Charles, Philip, Joseph and Edo between you. They invited me in Paris to your assembly, but in these days I'm in Burkina Faso –I go tonight- for the follop-up of our project there, -date concreted one year before-, and to meet me at the same time with de Burkina's fraternity. In can not be in two places... sorry... I need a twin...For the present I have as twin my shade...☺ Next assembly, I want to be with you, if it's a God will.

A continental Assembly is a special and the only occasion for to share the life of fraternities in some countries: to put on the table the heart, to take the pulse, to penetrate in the love of God, in the love of Jesus for the poorest, as brother Charles going down below, to the more left: to be Church with who they do not have site in the big temples, or they do not paint anything between the powerful ones, as Mary, the mother of all.

A special greeting to the brothers in minority in his country, in little fraternities, in Churches chased, as humble serves far from the spectaculars devices...

Thank you for to be there, thank your for to be brothers, thank you for to made a Church as Jesus dreamed, the Kingdom, from Nazareth, living the Gospel in your concreted realities.

Also greeting of the international team: Jean François, Félix, Mark, Mauricio and Emmanuel, present in the assembly, our dear brother.

Sorry for my poor English... I prefer the language of the hugs and the silences, of the heart and the smiles. In Burkina Faso I will pray for you; also pray you for us. Thank you!

Brother Charles bless you and your work.

With my friendship and a big hug (the latin people we are all day distributing embraces ☺),

Aurelio SANZ BAEZA
